

Explo 2500

Overview

Explo 2500 is an ultra high frequency strobe powered by an ST-2500W lamp with a 5600K color temperature, sporting a quick flash rate of 1-25 flashes per second at 50Hz and 1-30 flashes per second at 60Hz. The unit comes with full dimmer control of 0-100% and excellent blinder rate of 0.2-5 seconds. **Explo 2500** also provides total freedom of use thanks to its included EC-3 full-function controller.

Specifications

Source & Optics

Light Source: ST-2500
Color temperature: 5600K

Effects & Functions

Blinder rate: 0.2-5 seconds
Strobe effect: 1-25 flashes per second
Dimmer: 0-100%

Control

Operational mode: Manual & Analog
remote control (E-3)

Electrical

Input voltage range: AC100–240V, 50-60Hz
Power consumption: 2500W

Physical

Connectors: 1/4" Stereo Plug
Tempered glass cover
Dimensions: 442x114x242 mm. /
17.4x4.5x9.5 in.
Weight: 3.5 Kg. / 7.7 Lbs.
